

Dear Mr. Powell and legislators,

I oppose the insertion of any mandated copy protection over HDTV signals. This will limit or eliminate the hard-won consumer right to time-shift programming at THEIR discretion, and not at broadcaster's whim. This is not sound policy, and is blatantly anti-consumer. All of the benefit goes to vested corporate interests, with no consideration for consumer viewing rights and freedom.

Again, I oppose this legislation, and urge you to do the same.

Regards,
